Available Services

HFA Art Department

Custom cropping, resizing and color modifications. We can create art for you!

HFA Commercial Printing

Send us your file and we will review, assist with modifications and print on the substrate of your choice. Test strips available for a small fee.

HFA Scanning

Send us your original painting or photograph and we will scan, color correct, assist with modifications and provide test strips.

HFA Substrates

Paper, Canvas, Poly Canvas, Acrylic, Wallpaper, Metal, Vinyl and Wood.

HFA Embellishments

Texture - Add visual impact to canvas art. Rolled, brush or palette knife, we offer texture options ranging from heavy full coverage to highlighted areas only. Texture offers a layer of protection to your canvas and will not crack when stretched.

Painted Highlights and Metallic Leaf - Single, multi-color or gold/silver leaf - highlight specific areas or the entire piece. Recommendations can be made based on budget.

Liquid Lamination - Liquid lamination is the ideal coating for canvas and giclée applications requiring extra protection. It is specifically formulated for use over water-resistant canvas and giclée applications allowing users to stretch the canvas after coating without any cracking.

Advantages of Liquid Lamination include:

- State of the Art UV-inhibitors
- Protects canvas from abrasion and marring
