HFA Scanning

HFA Embellishments

Texture - Add visual impact to canvas art. Rolled, brush or palette knife, we offer texture options ranging from heavy full coverage to highlighted areas only. Texture offers a layer of protection to your canvas and will not crack when stretched.

Painted Highlights - single, multi-color, gold or silver - highlight specific areas or the entire piece. Recommendations can be made based on your budget requirements.

Liquid Lamination - Liquid lamination is the ideal coating for canvas giclees that require extra protection. Chemical resistant formula enhances color and is highly flexible so additional embellishments can successfully be added over any laminated product. Laminated canvas will not crack when stretched.

Metallic Leaf - gold or silver leaf available
